

CT Lung Cancer Screenings require the following information be provided with the order:

Is the patient 50 to 80 years old?

Does the patient show any signs or symptoms of lung cancer?

Current or former smoker (quit within the last 15 years)?

Approximately how many packs per year (20+ packs per year to meet criteria)?

Is this the first (Baseline) CT or annual exam?

Please fax completed information with order to (425) 357-3961
